Oshwal Education Trust (OET) believes in sustaining values and imparting the same to all the budding managers joining our campus. In the past year, OET has undergone a huge technological change to inculcate the students to be well-versed with the current business practices and managerial implications.

Today, there is an increasing global consciousness in all sectors and societies of the world. Globalization has created multinational organizations designed to compete in the broader economic playing field. Keeping the same in mind, we at JVIMS – KBS MCA College are committed to meeting the emerging challenges and opportunities of the globalized world. JVIMS - KBS strives to produce the best professionals and thought leaders in the industry. This commitment is through leadership with deep understanding of business and the intention is to encourage intellectual curiosity and open minds to the vast opportunities in the business world.

The programme stresses on participative learning and relies heavily on Practicals, Projects, Internship training and Discussions besides academics in the classrooms. Consequently, our students learn to be more agile, strong in academics, technically sound, pragmatic in their approach and above all, sincere and hardworking. Enough emphasis is also laid on development of overall personality of the students through industry exposure and interactions.

Our Institute has perfected its role and scope and have also gone beyond to create a better society by delivering sound technocrats ready to meet today's challenges.

The pursuit of the program demands intellectual maturity, strength of purpose and willingness to work hard for those endowed with inquisitive minds and professional aspirations.

Let's strive together to bring out the best in us...

Invitation from Managing Trustee

At JVIMS-KBS MCA College, quality education is more than a philosophy; it is the very essence of its existence.

A disciplined, serene and pleasant environment envelops the campus. It blends beautifully with the green landscaping, aesthetic elegance of arches and the vibrant pursuit of knowledge by the young aspirants. The academic ambience gives full scope for studies as well as activities which are plenty, as also to individual pursuits for development on preferred tracks.

JVIMS-KBS MCA College shares the campus with four other institutions viz Commerce, Management, Computer Applications and Diploma Studies. All have distinguished record of achievements. Students joining the Institute have therefore an opportunity of interaction with the academic community of the entire campus. The academic environment generated by the interaction between professional disciplines has a stimulating influence, especially in the formative years of young students.

Exposure to such environment helps the students to develop good communication skills, an integrated personality and greater competitive spirit.

The dedication and commitment with which the students and faculty have worked over the past eight years have paid rich dividends and this really should make this institute the most preferred one among the student fraternity. The students of this institute have so far been consistently securing top ranks in Gujarat Technological University examinations. The performance of a student in the examinations is not the sole criterion of the quality of education acquired; nevertheless, it is an important indication of the effectiveness of the academic inputs.

Students are encouraged to participate in national and international competitions/events and have received appreciation by winning prizes.

Placement of graduates of last seven batches has been noteworthy.

I invite students and organizations to join hands for a bright future...

"Hailing from a small town, we just have dreams and the eagerness to learn when we joined JVIMS. Fortunately, the college served as my perfect launch pad. It's not just trained us in skills and the grammar of design, it taught us to think like a creative mind should. We owe a lot of our sensibilities and abilities today to the time spent in JVIMS"

In 1995, Shri Bipinchandra T. Vadhar with his rich experience as an administrator and as a management expert took over the reins of the trust as the "Director of Higher Education". Having realized the dearth for English Medium College and the plight of the students who had to leave the city in order to pursue higher education. He worked zealously contributing his might both quantitatively and qualitatively to establish English medium College namely "Shri Gosar Hansraj Gosrani Commerce & Shri Dharamshi Devraj Nagda BBA College."
