MESSAGES FROM MANAGEMENT

From the desk of Chairman Management Committee

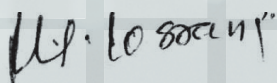

The wealth of a nation consists in the number of educated men and women. In a competitive world where global market share is determining winners and losers among nations, it has become increasingly necessary to ensure that besides a sound education, our students have the ability to engage and win in the global context.

Having embraced the glory of reason, believing that Knowledge is Power, Knowledge is Safety, Knowledge is Happiness, at JVIMS – KBS MCA College, we understand that Institute can be a powerful force -a place where thinking people can act and interact, not just to share old knowledge but, to make new knowledge. And, in the course of making new knowledge, these people are themselves remade and transformed. They become leaders-not just capable students, not just competent workers but, men and women with ideas of their own, ready to change the landscape of the future.

Our students have the caliber to conquer the globe with their powerful and talented mindsets.

Students who graduate from our Institute are expected to understand and respond effectively and efficiently to the technological, environmental and ethical challenges they will face in a world of accelerating change.

His untiring zeal has been instrumental in starting various institutes in a short span of time, all being managed aptly by dedicated trustees.

In 1995, Shri Bipinchandra T. Vadhar with his rich experience as an administrator and as a management expert took over the reins of the trust as the "Director of Higher Education". Having realized the dearth for English Medium College and the plight of the students who had to leave the city in order to pursue higher education. He worked zealously contributing his might both quantitatively and qualitatively to establish English medium College namely "Shri Gosar Hansraj Gosrani Commerce & Shri Dharamshi Devraj Nagda B.B.A. College." He is highly instrumental in making M.B.A. a reality.

These centres of learning are the fruitful outcome of the creation engineered by the founders through their untiring efforts. Several generations to come will remain indebted to the founders for their glorious vision, which was translated into action.
